

NEW CATHOLIC MONUMENT FOR LAKE VIEW CEMETERY

The Catholic portion of the Lake View cemetery is to be marked with a suitable monument. Homer Beauchaine, who took the matter up with the several Catholic societies, churches, etc., in Calumet, with a view to securing the necessary subscriptions, was very successful, securing about \$1,000, which will meet all current expenses. It will be installed next week, probably with suitable exercises. The monument will be a beautiful one. It will consist of a large iron cross, which will stand 20 feet, with arms extending on either side 10 feet long. Hanging on the cross will be a figure of Jesus Christ, while surrounding the cross at the foot will be three figures: those of the Virgin Mary, in a kneeling suppliant attitude, and on either side of the cross, Mary Magdalene and St. John the Baptist. The three statues were made in Germany and were only recently imported. They were received in Calumet this week. The figures are of stone, finely carved, and of sufficient hardness to withstand the rigors of this far northern climate.

This beautiful Catholic design in the local cemetery, will take the place of an iron cross that once marked the Catholic portion several winters ago. Until Mr. Beauchaine took hold of the matter no steps had been taken to provide a suitable Catholic memorial in Lake View.

INCREASE CAPITALIZATION.

The New Haven Coal Mining Co., organized by prominent Italian capitalists of Calumet and with properties located six miles north of Oscoda, Mich., will increase its capital stock from \$10,000 to \$25,000 or 30,000 shares of \$25 each. The officers of the company who are Calumet people are as follows: President, James Vignato; vice president, Michael Reffett; secretary-treasurer, Bernard Bracco; board of directors, in addition to officers named, Vital Cope and Bas Qualls. The company was organized in 1895 with a capitalization of \$25,000. This was increased to \$30,000 in 1897.

IN MARKET FOR TIES.

Expected Chicago & Northwestern Railway Will be Heavy Buyer.

Although the Chicago & Northwestern Railway company has not yet placed any important contracts forth with the jobbers operating in this territory, it is expected that the company will be in the market for a much larger number this season than for two or three years past. The Northwestern company stocked up heavily ten years ago and for a considerable number of the ties purchased at that time the ton-tie price was paid, the price fell off more than 25 per cent in the fall of 1897.

For some years past it is said that the Northwestern company has purchased a greater number of ties in the upper peninsula than any of the other railway corporations doing business here and most of them have been obtained from points along its own system.

Recently S. H. Briggs who owns one of the largest farms in the upper peninsula, in the Sturgeon river valley in Dickinson county, and who is also an extensive timber operator, contracted to furnish the Northwestern company with 35,000 ties. The ties will be delivered along the right-of-way for shipment to the company's central preserving plant at Escanaba, where they will be treated with chemicals for the purpose of giving them longer life. This process, which was introduced a few years ago and improved last year, has proved successful in prolonging the life of the ties from ten to twenty years. Mr. Briggs already has 16,000 of the ties cut and will begin shipping them in winter.

WE MAY FORGET.

We dream of future years of happiness, And then forget that happiness exists.

We plan to do great things as men have done.

While in the flesh, We may form a friend, forgive a foe, We may from other mortals live apart, And yet of one we dream and never forget.

Spend Less Than You Earn

It's an excellent advice, especially for those just starting on the road of life.

Then there's another point every bit as important. It is this--Put what isn't spent where it will not only be safe, but where it will earn something.

It's YOUR business to see that less is spent than is earned.

It is ours to see that the surplus is well looked after.

Here are highest interest rates joined to unquestioned safety.

The First National Bank OF CALUMET**PRESBYTERIAN SYNOD IS IN SESSION AT CADILLAC NOW****TWO ENTERTAINMENTS FOR CALUMET PEOPLE**

The seventy-fifth annual session of the Michigan Presbyterian synod was called to order at Cadillac Tuesday evening by the moderator, Rev. William Sidebotham, of Lake City, with about two-thirds of the membership present. Rev. J. M. Barkley of Detroit, moderator of the general assembly, is present and will remain throughout the session, which closes Friday morning. At the business session, following the opening sermon, Rev. R. H. Hartley, pastor of Westmalle church, Grand Rapids, was unanimously chosen moderator. He has been pastor of his present church five years, going there from Laporte, Indiana. Five years ago Dr. Hartley was moderator of the Indiana synod. Rev. W. K. Spencer of Ionia, is the temporary clerk, with Rev. H. F. Shier of Palatka and Rev. J. W. Will of Grand Rapids, as assistants.

Rev. John Bedpath of Petoskey, the oldest member of the synod, is present. Years ago, during a term of nearly 20 years, he did missionary work from Grand Rapids north to Petoskey, where he finally retired. Many a Presbyterian church in western Michigan was born of his personal efforts.

The Petoskey Presbytery held its semi-annual meeting here this afternoon and selected Rev. J. S. Young of Elkinsburg as moderator and Rev. E. H. Vall of Elks Rapids cleric.

Rev. William Bryant, Detroit, the stated clerk of the synod, will report tomorrow for the committee on foreign missions that \$12,000 was agent for home missions the past year, of that sum, \$1,200 went to the student pastor at Amherst, \$2,000 to the Lake Superior Presbytery and the balance to the other eight presbyteries.

The committee will ask for \$100 for the coming year, the largest cut being for Flint Presbytery, for the reason that Flint is taking care of his own home mission work without synod assistance.

Four thousand dollars will be allotted the Lake Superior Presbytery. As for foreign missions the committee's recommendation will be that one dollar be raised for every communicant, which would mean \$40,000 a much larger sum than was raised last year. The Presbyterians of Michigan assist in supporting missions in India, China, Japan, Africa, Siam, Persia, Mexico, South and Central America.

Announcement has been made that Major O. Engvall of Chicago, in charge of five workers who are known as the "revival brigades" will visit Calumet on Saturday, October 25, to conduct special services in this city until November 5th. It is expected that the special meetings will be accompanied by good results. The first meeting will be held at the Salvation Army hall on Seventh street, that being larger than the hall of the Scandinavian church and other meetings will be held in different parts of the copper country.

The Calumet lodge of Elks has finally decided to organize a bowling league among its members. The master was taken over informally last evening at the Elks' temple, and was received with general favor. There are enough members to organize a league of at least four teams, if not six. These teams will be grouped under locations. That members living on the C. & H. location will organize a team, McNamara another, and Red Jack and Laurium other teams, and so on. It is the opinion of the members that the more teams that are organized the greater will be the interest in the game. A meeting for organizing purposes is likely to be called shortly when officers and committees will be chosen, and the working of the league mapped out. The local body will have some of the floor alleys in the country when they are installed.

VOICES OF THE LITTLE THINGS.

Underneath the shadow of the murmur of the rain,
Underneath the music of its patter on the pine.

Underneath the ripple of its sweet fresh dew,
The voices of the little things are making music, too.

The little rents bid morning,
In the forest bid noon.

The tender lips of blossoms
That had died on yesterday;

The leaves of silver maple
And the needles of the pine;

"Oh, thank You, God Almighty,
For the gift of rain division!"
